

Serviso sistema

Servisas

1 konteineris

2 konteineris

3 konteineris

Rezultatai

```
graph RL; K1[1 konteineris] --> S[Servisas]; K2[2 konteineris] -- Rezultatai --> S; K3[3 konteineris] --> S;
```

The diagram illustrates a service system architecture. A large rectangular frame represents the system, with the title 'Serviso sistema' at the top left. Inside the frame, on the left, is a box labeled 'Servisas'. On the right, there are three stacked boxes labeled '1 konteineris', '2 konteineris', and '3 konteineris'. Arrows point from each container box towards the 'Servisas' box. The arrow from the middle container, '2 konteineris', is labeled 'Rezultatai'.
